

## **CMMi Maturity Level3 Certification**

UshaComm announces itself as a proud recipient of CMMi Maturity Level3 certification. This is a recognition of external world on the high quality processes practiced in developing, delivering and customizing company's Billing & Customer Care product. Ushacomm has emerged as one of the few billing product companies worldwide to achieve this milestone.

The CMMi Level 3 certification serves as a huge re-assurance to our Telecom Customers on the quality of all deliverables from Ushacomm. The well tested and audited deliverables will not only result in better service level adherences but also ensure core operational improvement.

A strong compliance of CMMi certified processes will benefit both Ushacomm and it's valued customer in ensuring error free delivery and deployment of billing product, faster rollout and low cost operation.

*The COO of the company Mr. Amit Chakraborty said "We value most the relationship and trust built with our customer and after achieving ISO9001:2008, the CMMi journey is expected to bring more synergy between the team in achieving the common goal of high quality-low cost operation. This milestone will work as a major boost to Team Ushacomm to fulfill the passion for perfection."*
